

Colorado CPR & Safety Professionals

Thank you for your interest in our Child Care Health Consulting Services. You will soon find that we offer more convenient services than anyone else. Plus, we are easy to work with and loads of fun!

Who are we?

Bryan Maki, RN is a Pediatric ICU Nurse, Emergency Room Nurse, and a former Clinical Consultant for the Pharmaceutical and Medical Device Industries. He is now using his skills to provide CPR classes and Child Care Nurse Consulting.

We are passionate about keeping children healthy and safe.

Colorado CPR & Safety Pros is the preferred company for many Colorado Child Care Associations, Early Childhood Education Councils, and School Districts. Our Child Care Health Consultants are approved by Healthy Child Care Colorado.

Why choose us?

1. We are the **only** company that offers everything below during our monthly visits.
 - Nurse Consulting - All In-Person visits or occasional virtual visits.
 - CPR & First Aid - A 20-minute skills class (preceded by our online course).
 - Employee Medical/Physical Statements - meets licensing requirements for the first physical statement.
 - Medication Admin Part 2 (Skills) and Part 3 (Delegation).
 - Delegation for seizures, diabetes, oxygen, feeding tubes, etc.
2. Our prices are fair market value (129/mo.), this is below some companies who charge up to 179 per month or charge you to be on-call.
3. We promptly return messages; we are eager to help and easy to work with.
4. Save big money by not paying employees overtime to attend classes outside of work.
